

**Evergreen Masjid
Construction
Project**

**Site Tour
Open House**
Lunch will be served

**Saturday
Feb. 9th, 2013
11am to 2pm**

Dear community members, Asslaamu Alaikum.

As you can see from the photographs, our mosque is gracefully taking shape.

Stage 1 steel structure for the main mosque area is now in place.

We will shortly begin Stage 2 steel layout for the adjoining areas, Insha Allah.

As we see the outline of the mosque taking shape, the full image of the mosque will take shape in our hearts, Insha Allah.

On February 9, let us collectively seek Allah's blessings as we tour the site, answer your questions and celebrate the progress made so far with a lunch.
